LITTLE ROCK (AP)—Federal marshals were to begin impounding today ballots cast in the Fifth Congressional District election which gave Rep. Dale Alford (D-Ark) victory over Brooks Hays.

A federal grand jury yesterday asked for the impounding and U.S. District Judge J. B. Smith Henley granted the request. He planned to issue a formal order today.

U.S. Marshal R. Bond Kidd said his staff would start impounding the ballot boxes after the order was issued.

The jury's action came after it received an FBI report on the election. A Justice Department spokesman said the probe followed "specific complaints" of irregularities.

Alford ran as an independent, wrote-in candidate on a staunch segregationist platform. Hays calls himself a moderate on his racial question.

The jury will convene again next Tuesday for an examination of the ballots, ballot boxes and other election materials.

The panel's preliminary report to Henley said "from complaints filed with the FBI it appears there may have been a violation of federal law by parties whose names at this time are unknown to the grand jury."

Henley earlier had cautioned the panel to be concerned "solely with whether or not any federal statutes have been violated" and not with any infraction of state laws.

The jury heard several witnesses and deliberated about six hours before asking that the ballots be impounded.

One of the witnesses was John T. Wells, a Little Rock publisher. He would not comment on the nature of his testimony last December. Wells appeared before a special House committee in Washington and charged that Gov. Orval Faubus and his supporters had engaged in a conspiracy to defeat the election.

## Fresh Fighting in Tibet Is Latest Word

By WATSON SIMS

NEW DELHI, India (AP)—Reports from the India-Tibet border today told of fresh fighting in embattled Lhasa, with Tibetan freedom fighters using light machine guns, they captured from Red Chinese troops.

The sketchy reports from the Indian frontier town of Kalimpong gave no other details of the new outbreak in the Tibetan capital, where crowds of Tibetans attacked Communist occupation forces on March 20. Rebels have been fighting in the countryside since then.

Official sources in New Delhi said they had no word beyond Minister Nehru, who told Parliament the fighting in Lhasa apparently had subsided but that the situation was "delicate."

Red China kept silent about the reported revolt. Peiping, radio talked about farming and industrial progress in Tibet under Red auspices; an apparent attempt to make light of revolt reports.

Nationalist Chinese officials on Formosa said they had received intelligence reports direct from Tibet saying Lhasa was in a state of war with some 25,000 rebels massed near the capital.

Li Yung-shin, a member of the Nationalist Chinese Cabinet, said rebel reinforcements were reported marching toward Lhasa from two directions. He said one column was coming from Sikang, the Chinese province adjoining eastern Tibet, and the other moving northeast from Gyantse, the Tibetan trading center 105 miles southwest of Lhasa which the Nationalists claim the rebels have captured.

The Nationalist governments radio was beaming frequent reports on the Tibetan revolt to the Communist held mainland. "The Reds were jamming the casts to keep the word from spreading."

Taipei said it had word that 300 anti-Communist representatives from China, Tsinghai and Sikang provinces met in Lhasa March 10 when the trouble first began and mapped plans for a mass attack on the capital. The report said the Dalai Lama, spiritual and temporal ruler of Tibet, 1,300,000 people, had approved the plan.

The Nationalists said they had been receiving conflicting rumors about the fate of the 23-year-old god-king, whose whereabouts have caused concern in Buddhist Asian nations.

One rumor said the rebels had escorted him to safety. Another said the Reds had placed him under house arrest and were trying to get him to go to Peiping.

## Jaycee Easter Egg Hunt to Start at 2:30

The Third Annual Jaycee Easter Egg Hunt will be held at Hope Fair Park Sunday afternoon at 2:30. The park will be closed from 11 a. m. until 1:30 p. m. Sunday, during which time areas for the hunt will be roped off.

Areas will be provided for the following age groups, 2 and 3 year olds, 4 and 5 year olds, 6, 7 and 8 year olds and 9, 10, 11 and 12 year olds.

Over 2200 individually wrapped candy eggs will be hidden by the Jaycees for this event. Also, they will bid 28 prize eggs and prizes will be awarded to the finders of these prize eggs.

Some parking space will be provided in the park and other outside the park.

## Rockets Chief Refuses to Testify

WASHINGTON (AP)—Carlos Marcello, branded in Senate racks committee testimony as a Mafia mobster running police-protected rackets in the South, invoked the Fifth Amendment 35 times in 16 minutes today.

The alleged "baron of the New Orleans underworld" refused to answer questions about his occupation, sources of income and associations with William J. Coo, the sheriff of Jefferson Parish, La. The parish includes parts of New Orleans, but is separate from the city's government. "No one has accused any New Orleans city officials of wrongdoing,"

Marcello's lawyers, Jack W. Sherman and David Carlinier, demanded that the committee cross examine Aaron Kohn, managing director of the Metropolitan New Orleans Crime Commission, who had denounced both Marcello and Sheriff Coo in testimony Monday.

The lawyers requested that Kohn be asked whether he has any personal knowledge that Marcello is linked with the Mafia, a secret society of criminals, or has bribed either Coo or the parish's former sheriff Frank (King) Clancy.

Committee Chairman John L. McClellan (D-Ark.), ruled that some of the questions "would be appropriate," but said they would be asked only if Marcello agreed to answer questions about them.

This Marcello refused to do, pleading that answers "might tend to incriminate me."

"You don't want to testify," McClellan snapped at Marcello. "But you want others to testify. Do you want to be fair? Are you willing to tell the truth?"

"I'm willing," Marcello blurted out, then paused briefly and continued, "to speak to my counsel."

They whispered together and Marcello then announced he was "willing to consider it after Kohn is cross-examined."

"Then you'll have to consider it a long time," McClellan retorted. He instructed the committee counsel, Robert F. Kennedy, to pursue the questioning of Marcello.

## Russia Will Try to Settle Test Issue

MOSCOW (AP)—Soviet Premier Nikita Khrushchev said he will make every effort to settle the problem of discontinuing nuclear weapons tests, Moscow Radio said today.

Khrushchev made the statement in a letter replying to a message from 22 American politicians, scientists and industrialists, the broadcast said.

Khrushchev asserted his government had done a "great deal" to insure success at the conference in Geneva. He indicated he felt the U. S. and British governments were doing everything to prevent an agreement.

## Bomber Crashes on Petit Jean, Airmen Escape

MORRILLTON, Ark. (AP)—A six-engine Air Force bomber crashed into a mountain today with an explosion that wrecked buildings in Morrillton, 10 miles away.

The five crew members were parachuted to safety.

A spokesman at Little Rock Air Force Base, where the RB-47 Stratojet was stationed, said the plane was on a training mission when it smashed into Petit Jean Mountain.

Residents of Morrillton said the blast shook buildings and homes throughout the city.

The plane crashed near the palatial mountaintop estate of oil millionaire Winthrop Rockefeller.

Two parachutes were seen floating in the air about the time of the crash. The Air Force spokesman said the other three crewmen were bailed out before the plane went down.

Names of the crewmen were not released immediately.

Cause of the crash was not determined immediately.

Don Moore of Morrillton, a crop duster pilot, wheeled his light plane over the mountain soon after the crash. A towering column of smoke was rising from the debris, he said.

The aircraft plummeted into a section of Petit Jean known locally as the "north brow."

Three of the fliers reportedly bailed out over Bigelow. The other two came down in bottom lands about five miles west of Morrillton, reports said.

Morrillton fire fighting equipment was sent to the crash scene and stood by to control any flames that might spread from the wreckage. The section is a wooded one.

## Macmillan Goes Home Feeling West to Succeed

By JOHN M. HIGHTOWER

WASHINGTON (AP)—British Prime Minister Harold Macmillan headed for home after his talks with President Eisenhower today predicting "we shall succeed" in negotiations over Berlin.

He conceded the "west" faces a "tough task" in dealing with the Soviet Union.

Macmillan left in apparent confidence that the strategy for negotiations, leading toward a summit conference, worked out with Eisenhower, will avert a military showdown over Berlin.

In a departure statement at the airport, he recalled that he had said on arrival here Thursday that disputes between the Soviet Union and the Western powers should be settled "by negotiation and not by force."

"I have no doubt," he said today, "that so long as we stand firmly by our principles—as we shall do—the free world has everything to gain from being ready to negotiate."

Macmillan said he was grateful to Eisenhower for his hospitality and that he considered the informal talks at Camp David, Md., as a background for discussing world problems that the more formal surrounding "most" conferences.

The main talks were held over the weekend at the secluded and guarded presidential retreat in the Catoctin Mountains.

Macmillan said goodbye to Eisenhower in a meeting at the White House late Monday. Those who headed the official farewell party at the airport this morning were Vice President Richard M. Nixon and Acting Secretary of State Christian A. Herter.

The plans call for a meeting of foreign ministers in May, and a later summit conference to direct negotiations with the Soviet Premier Nikita Khrushchev.

Macmillan said "reports" that his series of meetings with Eisenhower, including their weekend stay at Camp David in Maryland's Catoctin Mountains, constituted "the best conference we ever had in the most enjoyable surroundings."

Similar sentiments came from Eisenhower by way of press secretary James C. Hagerty, who said:

ences. However, he concentrated on getting the President's agreement to project a summit session for the summer, following up an East-West foreign ministers meeting which now seems virtually certain to open at Geneva May 11. Even before then, these moves are in prospect.

1. The United States, Britain and France are due to send notes to the Soviet Union soon about arrangements for the proposed meeting of foreign ministers. The foreign ministers would try to reach constructive agreements on German problems and related issues so that their work would justify the subsequent summit conference at a time and place they would select.

2. Ministers of the chief Western powers—the United States, Britain, France and West Germany—will meet here next week for a further detailed discussion of their plans for negotiation with the Soviets in advance of a ministerial meeting of the North Atlantic Treaty Council here April 2.

## UA Plan Medical Ethics Course

PORT SMITH, Ark (AP) —The University of Arkansas Medical School will offer fulltime course in medical ethics beginning next fall, the Arkansas Medical Society said yesterday.

University officials approved the proposal yesterday after the society's council of 16 members had given it unanimous approval. School officials also approved a one day spring course of instruction underlining the importance of medical ethics.

Dr. H. W. Thomas of Dermott, Ark. told the council.

"The influence of third party organizations and groups into the medical practice," this includes efforts of governmental agencies and various private panel systems.

He added that "to crystallize the principles of medical ethics, I feel that a need for including a formal course of instruction for medical students is imperative."

## Senators Are Optimistic on Berlin Crisis

By JACK BELL

WASHINGTON (AP) — Influential senators expressed cautious optimism today that some agreement on Berlin can be reached at forthcoming foreign minister and summit conferences with the Soviets.

There was a general feeling among five veteran members of the Senate Foreign Relations Committee, however, that negotiations with the Soviets will prove to be an inch-by-inch process and may require many months to produce tangible results.

Sen. Hubert H. Humphrey (D-Minn.) said the West ought not to expect any great accomplishments from any single meeting with the Soviets, even at the summit.

"We are going to have to inch along toward better relations and it may take several summit meetings to gain any real agreement," Humphrey said.

Sen. George D. Aiken (R-Vt.) said in a separate interview that Americans ought not to get their hopes too high.

"All our problems are not going to be settled by either a foreign minister or summit conference," he said. "It may take years before the suspicions between the East and the West are allayed sufficiently to bring about any really substantial agreements."

Sen. Alexander Wiley (R-Wis.) said that if the West believes it can accept the promise that the Soviets don't want war, then there may be increased hope of a settlement.

"We have to take into consideration also the vital question of whether the Kremlin would keep any agreements that might be made," he said. "Any of these are going to have to contain some advantages for both sides to be effective."

Sen. Bourke B. Hickenlooper (R-Iowa) said the success or failure of efforts to reach agreement depends largely on the Soviets.

"If the Soviets are sincere about negotiating, that fact should show up quickly at the foreign ministers meeting," he said.

Sen. John Sparkman (D-Ala.) said he thinks Soviet Prime Minister Nikita Khrushchev may be genuinely uneasy about the Soviet position in East Germany and may be willing to make some concessions to get rid of responsibilities there.

## \$1,100 Taken From Spa Motel Guest

HOT SPRINGS, Ark (AP)—Jim Bryant, transient guest at a motel here, told police a burglar broke into his room early yesterday and stole \$1,100 in cash and \$2,000 in cashier's checks.

Bryant, who did not give a home address, said the thief also took his trousers, shirt and cufflinks, valued at \$300.

Detective Walker Talley who investigated, said the burglar had entered through the front door. Bryant and his wife were sleeping in the room.

## 32 Forest Fires in Arkansas Yesterday

LITTLE ROCK (AP)—Foresters

and volunteers battled 32 forest fires in Arkansas yesterday and extinguished all but four.

The fires still burning already have destroyed about 350 acres in the Harrison area.

Total destruction yesterday was 1,827 acres, mostly in north Arkansas.

Eleven fires were reported near Slamps in southwest Arkansas but these involved only about 60 acres.

**L. R. Chamber Wants Schools to Re-open**

LITTLE ROCK (AP)—The Little Rock Chamber of Commerce called today for reopening of the city's four closed high schools under a pupil assignment plan which would satisfy both the school board and federal court.

The schools were prohibited from opening last fall by Gov. Orval E. Faubus in a move to avert court-ordered integration.

In a newspaper advertisement, the Chamber recommended not only the reopening of the public high schools but also the continued operation of the city's private, all-white high schools which were established to handle displaced students.

The chamber recently made a survey of its members and reported that 632 opposed the continued shutdown of the public high schools while only 230 favored keeping them closed.

In the lengthy advertisement, the chamber advocated a school board assurance to teachers involved in the shutdowns that their contracts would be renewed. And the Chamber urged that a search be made for new laws which could return the operation of public schools to individual school districts, regardless of the outcome of the present Little Rock integration impasse.

Said the advertisement: "The decision of the Supreme Court of the United States, however much we dislike it, is the declared law and is binding upon us."

This was a reference to the high tribunal's 1954 school desegregation ruling.

"We think the decision was erroneous," the chamber said, "and that it was a reversal of established law upon an unproven, untested base of psychology and sociology."

"But we must in honesty recognize that, because the Supreme Court is the court of last resort in this country, what it has said must stand until there is a correcting constitutional amendment or until the court corrects its own error."

The Chamber said "we must live and act now under the decision of that court and should not delude ourselves about that."

Explaining its reason for taking a stand on the controversial issue, the chamber said the two major responsibilities of such an organization were economic development and cultural development. Because education is a primary part of the

**Navy's New Helicopter Makes Debut**

STRATFORD Conn. (AP)—The Navy's first all-weather helicopter, the Sikorsky HO4S, made its public debut today.

Styled with a boat-type hull that enables it to land on and take off from water in emergencies, the helicopter has twin gas turbine engines for greater land-flying capability, faster cruising speed and longer combat range.

Navy officials, military observers and newsmen were invited to the Sikorsky plant for the first public flight demonstration, which included landings on the nearby Housatonic River.

The Navy has awarded Sikorsky Aircraft Division of United Aircraft Corp. a \$2-million contract to develop and build the HO4S, and initial production is under way. The number to be produced is secret, as are data on size and performance.

The Navy describes the machine as a "multi-mission" helicopter, but Coffett appealed to the high court.

Fred O. Ellis

"Until I got well acquainted with you," Bill confided, "I didn't realize how much time a good insurance agent gives to the public in general."

"It's all part of the business," I replied. "For example, just this week, I spent some time dealing with my rating manuals, trying to come up with lower-rated liability classifications for a couple of clients. Then I talked to a fire rating bureau officer to see how a combination store and warehouse would merit a lower rate. He advised a pair of fire doors. Also, I had a client leave the blueprints on a building he is about to erect. He wants me to make any suggestions which will lead to a lower fire rate."

I continued, "And, of course, every year we support fire prevention week, traffic safety programs, and similar projects. All of which are designed to reduce insurance rates. These activities would lead to less income if it weren't for the fact that we are always adding new clients and suggesting better coverages for our existing clients."

"Then you," I added, "We have to spend many hours each month studying insurance developments and keeping abreast of the frequent changes."

"Yes, I know," said Bill. "I think you should let other folks know, too!"

"May we have the privilege of SERVING your insurance needs?"

**Challenge to School Closing to Be Filed**

LITTLE ROCK (AP)—A Little Rock woman's suit challenging the constitutionality of a state school closing law will be officially submitted to the state Supreme Court Monday, Chief Justice Carlston Harris said yesterday.

A transcript of the suit is to be signed a proclamation closing the

justices actually may begin work on the case, Harris said. He expected the court to rule on the suit before May 4, the date a three-judge federal court here is to decide on another suit challenging the law, Act 4 of 1958.

Attorney Kenneth Coffett filed the suit on behalf of Mrs. Gertrude Garrett, the same day last September that Gov. Orval E. Faubus signed a proclamation closing the four public Little Rock high schools. Mrs. Garrett claims Act 4 violates the state constitution and asks that Faubus be enjoined from closing any schools under the law.

The suit was dismissed earlier in Pulaski Chancery Court after Faubus and Attorney General

## Schoendienst Due to Leave Sanitarium

ST. LOUIS (AP)—Red Schoendienst, popular second baseman of the Milwaukee Braves, was due to leave a tuberculosis sanitarium today after a four month stay.

And he predicted he would be "bright and early" for 1960 spring training work.

"I feel like I'd be able to put a uniform on by the end of this season," said Schoendienst, whom many consider the top fielding second baseman of modern times. He added with a grin, "but if my doctors say no, I won't do it."

The latter comment is indicative of Red's philosophy since being stricken with tuberculosis, his doctors say. He was known as a model patient at Mount St. Rose Sanitarium.

Lung surgery helped shorten Red's time in the sanitarium.

Schoendienst said he will work at building up his strength at his South St. Louis home. But he emphasized that he wasn't going to rush things.

Red played some of his best baseball against the New York Yankees in last year's series. Shortly thereafter he learned he had TB.

National Basketball Assn. after an idle day in which the St. Louis Hawks accused the Minneapolis Lakers of specializing in rough-house.

Monday, Hawk owner Ben Kerner and Coach Ed Macauley claimed that star backliner Slater (Dugie) Martin was deliberately tripped and elbowed in the first game of the playoffs Saturday by Ed Fleming of the Lakers.

In that game, Martin received a dislocated bone in his right leg and will be out for the rest of the series.

The Sunday game was marked by a brawl between Hawk shooting star Bob Pettit and Jim Krebs. Kerner claimed that Sunday the Lakers were "throwing football blocks" against us.

The Hawks loss Sunday ended the series at 1-1.

There is action in the somewhat quieter Eastern division of the NBA Wednesday night Boston, leading the Syracuse Nationals 2-1 in the playoffs, meets the Nats at Syracuse.

In the Western division, fans are looking for a red-hot match in St. Louis tonight.

## Lopez Believes White Sox to Challenge Yanks

By JOE REICHLER  
Associated Press Sports Writer

TMPEA, Fla. (AP)—Al Lopez, who has finished second to the Yankees in seven out of the eight years he has been a big league manager, thinks this may be the year his Chicago White Sox will finally beat New York to the wire.

He thought so last year, and the year before, and the year before that, etc. He was right only in 1954 when his Cleveland Indians had to play at a record-breaking pace to top the Yankees' 103 victories total.

"I think we'll give the Yankees a better run this time," the personable Lopez said. "They got off to a flying start and we did just the opposite last year. In May, they were a mile out in front and we were in, last place. With it all, we gave them quite a scare."

Lopez firmly believes his club is better than it was last year, and he is willing to make a sporting wager the White Sox won't get off to the same miserable start.

"I think we have more power, and I'm sure we have better pitching," he said. "Jim Wilson has retired but Barry Latman will more than make up for him. He pitched well for us in the tail-end of the season last fall and he's big, strong and cocky."

Latman joins veterans Billy Pierce (17-11), Dick Donovan (15-14) and Earl Wynn (14-10) as the club's big four. Ray Moore, Bob Shaw, Gerry Staley, Don Rudolph and Tom Gaulters round out the staff.

"For the first time in years the White Sox have three outfielders who conceivably can play every day," Lopez said. "Jim Landis, in center, is now an established star. He was hitting 180 last July but hit around 350 after that."

"Al Smith, our right-fielder, was bothered by a bad leg all last year. He now is sound and has looked good. Johnny Callison is our left fielder. He has had less than two years experience, and he's only 19 but we think he will hit."

With Sherm Lollar heading a three-man catching staff that will include Earl Batley and either John Ramono or Les Moss, Lopez has no problems there.

## DOGS

FARE DEAL FOR DOGS

By FARLEY MANNING

In Seattle, Wash., dogs are legitimate patrons of the transit system. They even rate transfer privileges.

The transit system recognizes three varieties of dogs: blind persons' dogs, lap dogs and non-lap dogs.

A blind person's dog can ride coaches at any time unless some other dog gets on before he does. Only one dog for each coach.

Lap dogs are carried free of charge except during the rush hours; at that time they must pay full fare and are accorded transfer privileges.

Other dogs can ride during non-rush hours only. Lap dogs ride free, while bigger dogs pay full fare and can transfer. When asked to define a lap dog, the Seattle Kennel Club said it is a dog 20 pounds or less. The transit system went along with that definition.

Dogs are not allowed to sit on coach seats. Even if they pay full fare, Lap dogs presumably can sit on laps. The transit system is explicit on that.

Cats are not mentioned in the document. Possibly this is because they weigh under 20 pounds and thus pay no fare. The transit system hauls quite a few cats. An unwritten rule is a cat and a dog cannot ride the same bus.

The rule book doesn't say a dog has to be accompanied by a human being. If a dog has the fare, there's no reason why he can't take a ride if he wants to.

**DOG**  
ABILENE, Tex. (AP)—Olympic sprint champion Bobby Morrow has been running 9.3 hundreds but he says he isn't at his peak.

He doesn't want to be—he's saying that for the big meets like the National AAU, the United States-Soviet Union dual meet and the Pan-American Games.

Morrow was timed in 9.35 at Odessa, Tex., Saturday when he beat his arch rival, Dave Sims of Duke, in a special 100-yard dash that evened their sprint series. Each has beaten the other twice.

"If I'd known they were going to time like that—you can't time in the hundreds," I wouldn't have run, said Morrow. "I guess that's the only place in the world where they do that."

He said since he was timed past 9.3 it had to be 9.4, and that Sims was given a time of 9.4. "We weren't that close," said Morrow.

Anyway, Morrow is aiming at his next appearance—a special 100-meter dash at the Texas Relays in Austin April 4. He won that even in the Olympics of 1956. He has been timed in 10.2 for the 100 meters.

Morrow is ineligible for the relay meets because he has finished his college athletic eligibility and has to appear only in special races. He'll do the same at the Drake Relays.

He also is planning to run at Salt Lake City and the Coliseum and Modesto Relays in California.

OSCEOLA, Ark. (AP)—Osborn E. Denmore, 26, of Cherry Point, N. C., was killed in a highway accident near here last night.

State Police said Denmore apparently lost control of his automobile on a curve on state Highway 40 about two miles west of Osceola. The car was demolished. The body was taken to a funeral home here and arrangements were incomplete.

## Duke Coach Is Hired by Texas

AUSTIN, Tex. (AP)—Harold Bradley, the veteran Duke basketball coach, will come here late this week to sign a three-year contract as coach of the University of Texas.

Bradley Monday agreed to take the position at a reported \$10,000 salary per year. While the terms were not disclosed, Bradley will be paid more than any basketball coach ever got here before.

He will replace M. G. A. Hughes, who resigned after three disastrous seasons during which his team finished in the Southwest Conference cellar twice and next to last the other time.

## Sturdivant Is Likely to Stay in New York

By JIM KENSIL  
Associated Press Sports Writer

Ernie Sturdivant, the possible list of Washington Senators starters.

The name is Tom Sturdivant. He wears blue pinstripes and has a big "NY" on the front of his uniform.

The experts had him figured a Cincinnati Senator by opening day April 9, but Monday he pitched like a Yankee should and it now appears he'll be staying in New York come cherry blossom time.

Sturdivant was one of four Yankee right-handers who combined in a 5-0 victory over the Baltimore Orioles at Miami. It was the first spring shutout for the Yanks.

Sturdivant hardly looked like one of the expendables the Yanks reportedly have been using as trade bait for a front-line Washington pitcher.

The 6-1 Yankee, who finished 1958 in Manager Casey Stengel's doghouse, allowed only two hits in five innings. He walked three and struck out one. Both his came in the same inning, but a double ball put him out of trouble.

Another Yank with his job on the line, veteran pitcher Virgil Trucks, followed Sturdivant and pitched goose eggs for two innings.

The Los Angeles Dodgers' hung a 10-6 defeat on Milwaukee, its 10th in 13 games. Lew Burdette gave up six runs and Bob Rush the other four, all in the big Dodger seventh.

The Detroit Tigers, finally getting both pitching and hitting under their fourth in a row, 15-5, over Cincinnati at Lakeland. Harvey Kuenn, Al Kaline, Frank Bolling and Rocky Bridges combined for 13 of the Tigers' 19 hits.

The Philadelphia Phillies came up with an impressive rookie performance as 19-year-old Ed Kegan permitted St. Louis only one run in five innings, but it took a pinch grand slam homer by 38-year-old Dave Philley before St. Louis was beaten 9-5 at St. Petersburg.

Turk-Lown, Don Rudolph and Bob Shaw combined in a six-hitter for the Chicago White Sox as Chicago scored five runs in the first two innings off Kansas City starter Earl Graddock. The 3-5 Chicago victory was the first taste of major league ball for Hollywood, Fla.

The Chicago Cubs, San Francisco, Boston, Cleveland, Washington and Pittsburgh were not scheduled.

## Morrow Feels He Is Not at His Peak

ABILENE, Tex. (AP)—Olympic sprint champion Bobby Morrow has been running 9.3 hundreds but he says he isn't at his peak.

He doesn't want to be—he's saying that for the big meets like the National AAU, the United States-Soviet Union dual meet and the Pan-American Games.

Morrow was timed in 9.35 at Odessa, Tex., Saturday when he beat his arch rival, Dave Sims of Duke, in a special 100-yard dash that evened their sprint series. Each has beaten the other twice.

"If I'd known they were going to time like that—you can't time in the hundreds," I wouldn't have run, said Morrow. "I guess that's the only place in the world where they do that."

He said since he was timed past 9.3 it had to be 9.4, and that Sims was given a time of 9.4. "We weren't that close," said Morrow.

Anyway, Morrow is aiming at his next appearance—a special 100-meter dash at the Texas Relays in Austin April 4. He won that even in the Olympics of 1956. He has been timed in 10.2 for the 100 meters.

Morrow is ineligible for the relay meets because he has finished his college athletic eligibility and has to appear only in special races. He'll do the same at the Drake Relays.

He also is planning to run at Salt Lake City and the Coliseum and Modesto Relays in California.

## Mafia Said to Use Spa for Meeting Place

HOT SPRINGS, Ark. (AP)—A report that gangsters of the Mafia were using Hot Springs as a gathering place was called "ridiculous" by Sheriff Leonard Ellis yesterday.

Aaron Kohn, managing director of the Metropolitan New Orleans Crime Commission, told Senate racketeers investigators in Washington that the gangsters used the resort city "as a popular gathering place."

The Mafia is a secret organization, founded in Sicily, and regarded by police as the controlling factor in the U. S. underworld," Ellis said.

"We don't want them and if they come here and we know it, we won't stand for them being here," Chief of Police Emory said. There is no evidence that there have been meetings of mobsters in the city.

Officers said it was known that some mob bosses have come to Hot Springs, from time to time but that they were not being sought by authorities and violated no laws.

## Bill Dickey's Wife Files for Divorce

LITTLE ROCK (AP)—The wife of baseball great William (Bill) Dickey filed a separate maintenance suit in Pulaski County Court yesterday.

Mrs. Viola Dickey's action said the couple was married Oct. 5, 1932 and separated March 15, 1959. It alleged general indignities.

Dickey, longtime catcher for the New York Yankees, was named to the Baseball Hall of Fame in 1954 and to the Arkansas Sports Hall of Fame last January. He managed the Little Rock Travelers baseball team in 1948 and now is a scout for the Yankees.
